

## Contents

|  |           |
|--|-----------|
| Preface . . . . .  | Preface-1 |
| 1. Introduction . . . . .  | 1-1       |
| 1.1 Changes for Issue 4 . . . . .  | 1-1       |
| 1.2 Changes for Issue 3 . . . . .  | 1-1       |
| 1.3 Background . . . . .   | 1-2       |
| 1.4 Requirements Terminology . . . . .   | 1-3       |
| 1.5 Requirement Labeling Conventions . . . . .   | 1-3       |
| 1.5.1 Numbering of Requirement and Related Objects . . . . .                                 | 1-3       |
| 1.5.2 Requirement, Conditional Requirement, and Objective<br>Object Identification . . . . . | 1-4       |
| 2. Scope of NTM Requirements . . . . .   | 2-1       |
| 2.1 Integrated NTM Strategy . . . . .  | 2-3       |
| 2.2 NTM Surveillance Data . . . . .  | 2-4       |
| 2.3 NTM Controls . . . . .   | 2-5       |
| 2.4 NTM OS/NE Interfaces . . . . .   | 2-5       |
| 2.5 NTM Auxiliary Capabilities . . . . .   | 2-6       |
| 2.6 NTM Capabilities Guidelines . . . . .  | 2-6       |
| 2.7 Relationship to the LSSGR (FR-64) . . . . .  | 2-7       |
| 3. Common Data Requirements . . . . .  | 3-1       |
| 3.1 Data Types . . . . .   | 3-1       |
| 3.1.1 Generated Data . . . . .   | 3-1       |
| 3.1.2 Parametric Data . . . . .  | 3-3       |
| 3.2 Data Generation Structures . . . . .   | 3-5       |
| 3.3 Data Quality . . . . .   | 3-7       |
| 3.3.1 Accuracy . . . . .   | 3-7       |
| 3.3.2 Integrity and Security . . . . .   | 3-8       |
| 3.4 Data Presentation . . . . .  | 3-9       |
| 3.4.1 Data Generation . . . . .  | 3-9       |
| 3.4.2 Data Retention . . . . .   | 3-12      |
| 3.4.3 Data Distribution . . . . .  | 3-14      |
| 3.4.4 Measurement Report Format . . . . .  | 3-15      |
| 3.5 Views of Data . . . . .  | 3-15      |
| 3.6 Network View of Data . . . . .   | 3-15      |
| 3.6.1 NE View of Data . . . . .  | 3-25      |
| 3.6.2 Subnetwork and Service View of Data . . . . .  | 3-25      |
| 3.7 User Perspective . . . . .   | 3-26      |
| 4. NTM Surveillance Data . . . . .   | 4-1       |
| 4.1 Circuit Switch Measurements . . . . .  | 4-1       |
| 4.1.1 Basic Switch . . . . .   | 4-1       |
| 4.1.1.1 Traffic Measurements . . . . .   | 4-1       |
| 4.1.1.2 State Indications . . . . .  | 4-6       |
| 4.1.1.3 Reference Data . . . . .   | 4-12      |

|          |  |      |
|----------|--|------|
| 4.1.2    | Line Servicing . . . . .                                       | 4-12 |
| 4.1.3    | Trunk Groups . . . . .   | 4-14 |
| 4.1.3.1  | Traffic Measurements . . . . .                                 | 4-14 |
| 4.1.3.2  | Reference Data . . . . .                                       | 4-16 |
| 4.2      | Switch Services . . . . .                                      | 4-17 |
| 4.2.1    | Traffic Measurements . . . . .                                 | 4-17 |
| 4.2.2    | Reference Data . . . . .                                       | 4-18 |
| 4.2.3    | Controls . . . . .   | 4-18 |
| 4.2.4    | Remote Switching Site Measurements . . . . .                   | 4-21 |
| 4.2.4.1  | Traffic Measurements . . . . .                                 | 4-22 |
| 4.2.4.2  | State Indications . . . . .                                    | 4-24 |
| 4.2.4.3  | Reference Data . . . . .                                       | 4-25 |
| 4.3      | Common Channel Signaling Network (CCSN) . . . . .              | 4-25 |
| 4.3.1    | Basic CCSN Node Performance . . . . .                          | 4-26 |
| 4.3.2    | Service Processing . . . . .                                   | 4-30 |
| 4.3.3    | Links . . . . .  | 4-31 |
| 4.3.3.1  | Low-Speed Links . . . . .                                      | 4-31 |
| 4.3.3.2  | High-Speed Links (HSLs) . . . . .                              | 4-38 |
| 4.4      | Number Services . . . . .                                      | 4-40 |
| 4.4.1    | ACG Monitoring . . . . .                                       | 4-42 |
| 4.4.2    | IN/1 . . . . .   | 4-43 |
| 4.4.3    | AIN . . . . .  | 4-44 |
| 4.4.3.1  | Basic Switch Performance . . . . .                             | 4-46 |
| 4.4.3.2  | Service Processing . . . . .                                   | 4-51 |
| 4.5      | Integrated Services Digital Network . . . . .                  | 4-53 |
| 4.5.1    | Traffic Measurements . . . . .                                 | 4-53 |
| 4.5.2    | State Indications . . . . .                                    | 4-55 |
| 4.5.3    | Reference Data . . . . .                                       | 4-55 |
| 4.6      | Public Packet Switched Network . . . . .                       | 4-55 |
| 4.7      | Alternate Billing Service . . . . .                            | 4-55 |
| 4.8      | Switched Multi-Megabit Data Service . . . . .                  | 4-56 |
| 4.9      | Switched Fractional DS1 Service . . . . .                      | 4-56 |
| 4.10     | Asynchronous Transfer Mode (ATM) Switch Measurements . . . . . | 4-57 |
| 4.10.1   | ATM NE . . . . .   | 4-57 |
| 4.10.1.1 | Traffic Measurements . . . . .                                 | 4-57 |
| 4.10.1.2 | Performance Measurements . . . . .                             | 4-58 |
| 4.10.2   | UNI . . . . .  | 4-58 |
| 4.10.2.1 | Per UNI . . . . .  | 4-58 |
| 4.10.2.2 | Per VP/VC . . . . .  | 4-59 |
| 4.10.3   | NNI . . . . .  | 4-60 |
| 4.10.3.1 | Per NNI . . . . .  | 4-60 |
| 4.10.3.2 | Per VP . . . . .   | 4-61 |
| 4.10.3.3 | Per VC . . . . .   | 4-61 |
| 4.10.3.4 | Signaling . . . . .  | 4-62 |
| 4.10.4   | Processors . . . . .   | 4-63 |
| 4.10.4.1 | Per Ingress Control Processor . . . . .                        | 4-63 |
| 4.10.4.2 | Per Egress Control Processor . . . . .                         | 4-64 |

|          |   |      |
|----------|---|------|
| 4.10.4.3 | Per Operations Processor . . . . .                              | 4-65 |
| 4.10.5   | Layered Signal Processor . . . . .                              | 4-65 |
| 4.10.5.1 | Per Layered Signal Processor . . . . .                          | 4-65 |
| 4.10.6   | Ingress and Egress Buffer . . . . .                             | 4-66 |
| 4.10.6.1 | Traffic Measurements . . . . .                                  | 4-66 |
| 4.10.6.2 | Performance Measurements . . . . .                              | 4-66 |
| 4.10.7   | Switch Fabric . . . . .   | 4-67 |
| 4.10.7.1 | Traffic Measurements . . . . .                                  | 4-67 |
| 4.10.7.2 | Performance Measurements . . . . .                              | 4-67 |
| 4.11     | TDM/ATM Gateway Measurements . . . . .                          | 4-67 |
| 4.11.1   | User Network Interface (UNI) . . . . .                          | 4-68 |
| 4.11.1.1 | Traffic Measurements . . . . .                                  | 4-68 |
| 4.11.1.2 | Performance Measurements . . . . .                              | 4-68 |
| 4.11.2   | Ingress and Egress Buffer . . . . .                             | 4-68 |
| 4.11.2.1 | Traffic Measurements . . . . .                                  | 4-68 |
| 4.11.2.2 | Performance Measurements . . . . .                              | 4-69 |
| 4.11.3   | Trunk Groups . . . . .  | 4-69 |
| 4.11.3.1 | Traffic Measurements . . . . .                                  | 4-69 |
| 4.11.3.2 | Reference Data . . . . .  | 4-70 |
| 4.11.4   | Signaling VC . . . . .  | 4-70 |
| 4.11.4.1 | Per VC . . . . .  | 4-70 |
| 4.11.5   | Processors . . . . .  | 4-71 |
| 4.11.5.1 | Per Ingress Control Processor . . . . .                         | 4-71 |
| 4.11.5.2 | Per Egress Control Processor . . . . .                          | 4-72 |
| 5.       | NTM Automatic Controls . . . . .                                | 5-1  |
| 5.1      | Description of NTM Automatic Controls . . . . .                 | 5-1  |
| 5.2      | User Perspective . . . . .                                      | 5-1  |
| 5.3      | Circuit Switch Requirements . . . . .                           | 5-2  |
| 5.3.1    | Automatic Congestion Control . . . . .                          | 5-2  |
| 5.3.1.1  | Description of Automatic Congestion Control . . . . .           | 5-2  |
| 5.3.1.2  | Common Requirements for Automatic Congestion Control . . . . .  | 5-2  |
| 5.3.2    | Automatic Call Gap . . . . .                                    | 5-7  |
| 5.3.2.1  | Description of Automatic Call Gap . . . . .                     | 5-7  |
| 5.3.2.2  | Common Requirements for Automatic Call Gap . . . . .            | 5-7  |
| 5.3.3    | Trunk Reservation . . . . .                                     | 5-11 |
| 5.3.3.1  | Description of Trunk Reservation . . . . .                      | 5-11 |
| 5.3.3.2  | Common Requirements for Trunk Reservation . . . . .             | 5-11 |
| 5.3.4    | Selective Incoming Load Control . . . . .                       | 5-14 |
| 5.3.4.1  | Description of SILC . . . . .                                   | 5-14 |
| 5.3.4.2  | Common Requirements for SILC . . . . .                          | 5-14 |
| 5.3.5    | Media Stimulated Mass Calling . . . . .                         | 5-16 |
| 5.3.5.1  | Description of Media Stimulated Mass Calling . . . . .          | 5-16 |
| 5.3.5.2  | Common Requirements for Media Stimulated Mass Calling . . . . . | 5-17 |
| 5.3.6    | Dynamic Overload Control . . . . .                              | 5-25 |

|         |  |      |
|---------|--|------|
| 5.3.6.1 | Description of Dynamic Overload Control . . . . .              | 5-25 |
| 5.3.6.2 | Common Requirements for DOC . . . . .                          | 5-26 |
| 5.3.7   | Automatic Operation with HTR Codes . . . . .                   | 5-33 |
| 5.3.7.1 | Description of Automatic Operation with HTR<br>Codes . . . . . | 5-33 |
| 5.3.7.2 | Automatic Operation of HTR Codes . . . . .                     | 5-33 |
| 5.4     | Common Channel Signaling Network (CCSN) . . . . .              | 5-36 |
| 5.5     | Number Services . . . . .                                      | 5-37 |
| 5.6     | Integrated Services Digital Network . . . . .                  | 5-37 |
| 5.7     | Public Packet Switched Network . . . . .                       | 5-37 |
| 5.8     | Alternate Billing Services . . . . .                           | 5-37 |
| 5.9     | Switched Multi-Megabit Data Service . . . . .                  | 5-37 |
| 5.10    | Switched Fractional DS1 Service . . . . .                      | 5-38 |
| 6.      | NTM Manual Controls . . . . .                                  | 6-1  |
| 6.1     | Description of NTM Manual Controls . . . . .                   | 6-1  |
| 6.2     | User Perspective . . . . .                                     | 6-1  |
| 6.3     | Circuit Switch Requirements . . . . .                          | 6-2  |
| 6.3.1   | Code Controls . . . . .  | 6-2  |
| 6.3.1.1 | Description of Code Controls . . . . .                         | 6-2  |
| 6.3.1.2 | Common Requirements for Code Controls . . . . .                | 6-2  |
| 6.3.2   | Trunk Group Controls . . . . .                                 | 6-7  |
| 6.3.2.1 | Description of Trunk Group Controls . . . . .                  | 6-7  |
| 6.3.2.2 | Common Requirements for Trunk Group<br>Controls . . . . .      | 6-7  |
| 6.3.3   | Code Classification . . . . .                                  | 6-23 |
| 6.3.3.1 | Description of Code Classification . . . . .                   | 6-23 |
| 6.3.3.2 | Common Requirements for Code Classification . . . . .          | 6-24 |
| 6.4     | Common Channel Signaling Network . . . . .                     | 6-25 |
| 6.5     | Number Services . . . . .                                      | 6-25 |
| 6.6     | Integrated Services Digital Network . . . . .                  | 6-25 |
| 6.7     | Public Packet Switched Network . . . . .                       | 6-25 |
| 6.8     | Alternate Billing Service . . . . .                            | 6-26 |
| 6.9     | Switched Multi-Megabit Data Service . . . . .                  | 6-26 |
| 6.10    | Switched Fractional DS1 Service . . . . .                      | 6-26 |
| 7.      | NTM OS/NE Interfaces . . . . .                                 | 7-1  |
| 7.1     | Interface Architectures . . . . .                              | 7-1  |
| 7.1.1   | Data Communication Networks . . . . .                          | 7-1  |
| 7.1.2   | Data Collection OSs . . . . .                                  | 7-2  |
| 7.1.3   | Dedicated Data Links . . . . .                                 | 7-3  |
| 7.2     | Interface Specification Categories . . . . .                   | 7-4  |
| 7.2.1   | Embedded . . . . .   | 7-4  |
| 7.2.2   | Generic . . . . .  | 7-9  |
| 7.2.2.1 | Monitor NE Data . . . . .                                      | 7-12 |
| 7.2.2.2 | Administer NE Information . . . . .                            | 7-12 |
| 7.2.2.3 | Audit NE Information . . . . .                                 | 7-13 |
| 7.3     | Responses to Abnormal Conditions . . . . .                     | 7-13 |
