SPECIAL REPORT NOTICE OF DISCLAIMER	iii
List of Figures	vii
1. Introduction	1-1
1.1 Motivation and Benefits	1-1
1.2 Scope	1-2
1.3 Intended Audience and Use	1-3
1.4 Requirements Terminology	1-3
1.5 Outline of Document	1-3
2. General Framework	2-1
3. Hardware/Operating System Requirements	3-1
3.1 Hardware	3-1
3.2 Operating System	3-1
4. Platform Computing/Communications Services Requirements	4-1
4.1 Persistent Storage	4-1
4.2 Remote Procedure Call Service	4-1
4.3 Directory Service	4-1
4.4 Network Time Service	4-2
4.5 Network File System	4-2
4.6 Distributed Transaction Processing	4-2
4.7 Communication Services	4-3
4.7.1 Common Communication Services	4-3
4.7.2 EM-OS and EM-NE Interface Communication Services	4-3
4.7.3 CNM & Systems Administration Interface Communication Services	4-4
4.8 Object Request Broker	4-4
4.9 Security Services	4-4
5. Platform Middleware Services Requirements	5-1
5.1 Logging Facility	5-1
5.2 Management Security Service	5-1
5.3 Contract Trader	5-1
5.4 Gateways	5-3
5.4.1 Standard Interface Gateways	5-3
5.4.2 User-Defined Gateways	5-3
6. Common Application Services Requirements	6-1
6.1 Node/Topology Service	6-1
6.2 Event Services	6-1
6.2.1 Alarm Generation	6-2
6.2.2 Log Control	6-2
6.2.3 Event Forwarding	6-2
6.2.4 Thresholding	6-3
6.2.5 Event Correlation	6-3
6.3 Object Selection Services	6-3
6.4 CNM Server	6-4

7. Operability Services Requirements	7-1
7.1 Software Distribution	7-1
7.2 Software Management	7-1
7.3 Memory Restoration	7-2
7.4 License Management	7-2
8. Graphical User Interface Services Requirements	8-1
9. Development Environment Services Requirements	9-1
9.1 Applications Programming Interfaces	9-1
9.2 General Purpose Tools	9-1
10. Summary	10-1
Appendix A: References	A-1
Appendix B: Acronyms	B-1
