1.	Business Drivers and Constraints.....	1-1
1.1	Overview	1-1
1.1.1	Who Are These Folks?	1-3
1.1.2	Market Segmentation	1-3
1.1.3	Life Cycle Analysis.....	1-4
1.2	Business Drivers	1-5
1.2.1	Capital Accumulation and Deployment.....	1-5
1.2.2	Interconnection Management	1-5
1.2.3	Anticipating Regulatory Changes	1-5
1.2.4	Customer Demand.....	1-6
1.2.5	Marketing and Sales Drivers	1-6
1.2.6	Network Build Strategies.....	1-7
1.2.7	Next Generation Networks.....	1-7
1.2.8	Systems to Support Business Growth.....	1-9
1.2.9	Response to Competition and Anticipated Competition	1-10
1.2.10	Survival Strategies	1-10
1.3	Constraints.....	1-10
2	Regulatory Factors	2-1
2.1	Overview	2-1
2.2	The Telecommunications Act of 1996.....	2-1
2.2.1	Section 251 of the Act: Interconnection	2-1
2.2.2	Section 252: Procedures for Negotiations, Arbitration, and Approval of Contracts.....	2-5
2.3	Implementation of the Act.....	2-6
2.4	How Much Regulation Applies to New Entrants?	2-7
2.5	FCC Regulation	2-8
2.5.1	General Requirements.....	2-8
2.5.2	FCC Tariff Filing Requirements	2-9
2.6	State Regulation	2-10
2.6.1	Certification and Compliance	2-10
2.6.2	Tariffs and Contracts.....	2-12
2.6.3	Operations Requirements	2-12
2.6.4	Sales and Marketing	2-13
2.6.5	Billing	2-15
2.6.6	Deposits, Credits, and Termination of Service	2-17
2.7	Communications Assistance for Law Enforcement Act.....	2-18
2.8	Access to Multiple Tenant Environments (MTEs)	2-18
3.	Customer Interface.....	3-1
3.1	Overview	3-1
3.2	Telecommunications Industry Standards and Guidelines.....	3-1
3.3	Documentation.....	3-2
3.3.1	Access Service Ordering Guidelines (ASOG).....	3-2
3.3.2	Local Service Ordering Guidelines (LSOG).....	3-2
3.3.3	Customer Account Record Exchange (CARE)	3-2

3.3.4	Exchange Message Interface (EMI)	3-2
3.3.5	Design Layout Report (DLR).....	3-3
3.3.6	Miscellaneous Documents.....	3-3
3.4	Customer Care	3-3
3.5	Processes	3-4
3.5.1	Internal Processes	3-4
3.5.2	External Processes	3-5
3.6	Conclusion	3-7
4.	Industry Interfaces and the North American Numbering Plan	4-1
4.1	Overview	4-1
4.2	North American Numbering Plan	4-1
4.2.1	Exchange Code (NXX) Assignments.....	4-1
4.2.2	555 NXX Code Assignments	4-3
4.3	Codes, Codes, and More Codes.....	4-3
4.4	Interconnection.....	4-6
5.	Designing and Planning the Network.....	5-1
5.1	Overview	5-1
5.2	Planning the Network.....	5-1
5.2.1	Scenario-Based Planning	5-2
5.2.2	Technology Selection	5-3
5.2.3	Overview of Network Planning Process	5-4
5.3	Network Design	5-5
5.4	Network Reliability.....	5-6
6.	Operations Support Systems (OSS)	6-1
6.1	Overview	6-1
6.2	Functional Areas of OSS Support	6-2
6.3	Operational Services	6-5
6.3.1	Business Optimization	6-6
6.3.2	Integration, Testing, and Deployment.....	6-6
6.3.3	Training.....	6-6
6.4	Best Practices in Execution	6-7
6.5	Conclusion: Communication	6-9
7.	Billing for Interconnection Services	7-1
7.1	Overview	7-1
7.2	Regulatory Impacts - Interconnection Billing Services.....	7-1
7.2.1	Local Resale.....	7-1
7.2.2	Unbundled and Bundled Services.....	7-2
7.3	Billing Process.....	7-2
7.3.1	Customer Care	7-3
7.3.2	Order Provisioning	7-3
7.3.3	Usage Collection	7-3
7.3.4	Bill Rating	7-4
7.3.5	Taxes	7-4
7.3.6	Bill Invoicing	7-4
7.3.7	Media	7-4
7.3.8	Accounting.....	7-5

7.3.9	Quality Control Assurance	7-5
7.4	Convergent Billing	7-6
7.5	Real-Time Billing.....	7-6
7.6	Hot Billing	7-6
7.7	Standards	7-6
7.8	Fraud Management.....	7-7
7.9	Billing Data Security.....	7-7
7.10	Revenue Assurance	7-7
7.11	Change Management	7-7
7.12	Internet Billing	7-8
7.13	Carrier Access Billing System (CABS).....	7-8
7.14	Data Exchange	7-9
7.15	Collections and Settlements.....	7-9
7.16	Telcordia™ Billing and Settlements Clearinghouse.....	7-9
7.17	Conclusion	7-10
8.	Telecommunications Reform Issues.....	8-1
8.1	Overview	8-1
8.2	Local Number Portability.....	8-1
8.3	Number Pooling	8-2
8.4	Unbundling	8-4
8.5	E9-1-1.....	8-4
8.6	Churn Management	8-5
Appendix A:	How Telcordia Can Help.....	A-1
A.1	Market Entry.....	A-1
A.2	Business and Market Assessment.....	A-1
A.3	Customer Care and Billing.....	A-2
A.4	Network Planning	A-3
A.5	Becoming an ISP	A-3
A.6	Interconnection Consulting.....	A-4
A.7	Number Portability (NP) Solutions	A-4
A.8	Intelligent Network Solutions	A-6
A.9	Operations Planning	A-7
A.10	Rapid Network Deployment.....	A-7
A.11	Last Mile Solutions	A-8
A.12	Next Generation Networks.....	A-9
A.13	Unified Messaging.....	A-10
A.14	Network Integrity.....	A-10
A.15	Integrated Order Management	A-11
A.15.1	Integrated Ordering Solution	A-11
A.16	Service Assurance.....	A-12
A.16.1	Consulting Services	A-12
A.17	Data Mining and Data Warehousing.....	A-14
A.17.1	End-to-End Data Warehousing Solution.....	A-14
A.18	Telcordia Operations Support for New Entrants.....	A-14
A.19	Work Force Management.....	A-14
A.20	Interconnection and Directory Management	A-15

A.21 Network Creation	A-16
A.22 Engineering Assignment and Activation.....	A-16
A.23 Supply Chain/Inventory Management	A-18
A.24 Centrex Rearrangement Solutions	A-19
A.25 Learning Services.....	A-19
A.26 COMMON LANGUAGE® Products.....	A-20
A.27 Other Information Solutions	A-21
A.28 Telcordia™ Research Horizons Program for CLECs.....	A-23
A.29 Systems Integration and Rapid Applications Development.....	A-24
A.30 <i>RapidApps™</i> ASP Solutions.....	A-25
Appendix B: Contacts	B-1
Appendix C: State Public Utilities Commissions	C-1
Appendix D: Telcordia Web Site Addresses	D-1
